College Leases Vacant Elementary School For Expansion of Programs and Services

To accommodate increasing enrollments and to meet growth needs for space, Cardinal Stritch College has leased the nearby Green Tree School for the next two years. The 17-classroom elementary school building — which was closed in June by the Glendale-River Hills School District — is now known as the Stritch Education Center.

According to Sr. M. Camille Kliebhan, president, "This fine educational facility will continue to serve the local community in various ways, as the College utilizes it for undergraduate and graduate classes, adult education activities, and children's programs.

"We are especially grateful for this unique opportunity to expand Stritch's physical plant without undertaking a major capital improvement project on campus at this time," Sister Camille continued.

STRITCH EDUCATION CENTER — The City of Glendale's Green Tree School, 7061 No. Port Washington Rd., will be utilized during 1976-78 by the College, affording additional classrooms, faculty offices, and specialized facilities.

Further Details Given

Arrangements have been made to move the Departments of Education and Special Education to the Stritch Education Center — with provisions for faculty offices, seminar rooms, and general classrooms.

In addition, the College's Teacher Education Center is being relocated in the Green Tree School library. Future plans call for development of a teaching studio-laboratory at the new location.

Vice President Explains

Dr. Robert F. Flahive, vice president, reports that the Stritch Education Center contains a small-sized gym which will be used for physical education, recreational activities, yoga classes, and other purposes.

Several classrooms are being assigned to the Children's Art, Drama, and Music Programs. Also, plans have been drafted and funding is being sought for the establishment of a Senior Citizen Center at the Green Tree School site.

"One of the more important, spin-off benefits of this whole plan," according to Dr. Flahive, "is the arrange-

ment for sub-leasing portions of the Green Tree premises to such other educational agencies as a nursery school, a child day care center, and a special education program for the learning disabled.

"Joint occupancy by these non-profit organizations will afford our Stritch faculty and students with immediate, on-site access to practicum and laboratory situations for observing, aiding, and student teaching in the College's Early Education, Special Education, and Child Care programs," he states.

Summer Enrollments Totaled by Registrar

Preliminary summer school registrations for regular and special courses in the Undergraduate and Graduate Divisions total 780, according to Sr. Francis Marie DeLany, registrar.

Additional enrollments are expected for short-term workshops in July.

The 1976 summer program is again being conducted on Stritch's main campus, Fox Point-Glendale, and at St. Coletta School, Jefferson.

Business Minor, New Master's Program Scheduled for Introduction Next Semester

Beginning this fall, Stritch will provide a number of new offerings at the undergraduate level and a Master of Education/Professional Development in Teaching degree program in the Graduate Division.

According to Sr. Barbara Marie Weithaus, academic dean, "These curriculum developments reflect the College's concern for combining its base of liberal arts studies with relevant career-oriented courses required for employment in today's job market."

Business Minor Cited

Foremost among baccalaureate program changes is the introduction of an academic minor in Business. At least 24 credits will be required in Economics, Mathematics, Computer Programming, Accounting, and Legal Environment.

Elective courses in Business will include: Calculus, Cost Accounting, Finance, Management, Marketing, Per-

sonnel, Organization and Human Behavior. Some of these offerings are already available at Stritch.

Other Offerings Told

A new course open to all undergraduates, entitled "Career Development," will be conducted by Sr. Agnes Clare Beyer, director of the Office of Career and Placement Services.

Other new offerings are scheduled in the areas of Art History, Genetics, Group Communication, and Math.

In addition, Stritch's Board of Directors has approved a new Graduate Division program leading to the degree — Master of Education/Professional Development in Teaching.

Graduate Degree Described

Open to experienced classroom teachers, this M.Ed. program is designed to provide an opportunity for individual candidates (a) to examine his/her teaching competencies and (b) to plan a sequence of courses and experiences which will foster personal and professional growth, as well as improve teaching skills.

A detailed description of Stritch's new Master of Education degree program for In-Service Teachers is available upon request.

Academic Dean Wins Summer Study Grant

Sr. Barbara Marie Weithaus, academic dean, is studying at Yale University under a 1976 Summer Seminar Fellowship awarded by the National Endowment for the Humanities. The grant is worth over \$2,000.

Sister Barbara Marie, who holds a doctorate in English from the Catholic University of America, is an associate professor of English.

The Yale U. Seminar is focused upon "The English Language and Literary Interpretation."

Six New Directors Appointed to Board

Cardinal Stritch College has added six members and elected a new chairman of its Board of Directors for the 1976-77 school year, according to Sr. M. Camille Kliebhan, president.

The new directors include: James P. Brody, attorney; Dr. Glenda Landon, associate state chairperson of the North Central Association of Colleges and Schools; Mrs. Ruth LeGrand, community leader; Robert Simons, president of St. Francis Savings & Loan Association; Sr. Lourdetta Van Driel, OSF, vice-principal, St. Mary's Academy; and Dennis Willms, The Milwaukee Company.

Mr. Oliver Heine, former superintendent of the Glendale-River Hills School District, was voted unanimously to the position of Stritch's Board Chairman for next year.

Staff Member Named Reading Clinic Head

Sr. Marie Gerard Peter has been appointed head of the Stritch Reading Clinic — effective Aug. 1, 1976 — by Sr. M. Camille Kliebhan, president.

An alumna, Sister Marie Gerard earned both the B.S. degree in Education and the M.A. degree in Reading at CSC. She has been a reading clinician since 1959 and, more recently, has taught part-time in the Graduate Division.

A former Colorado resident, Sister Marie Gerard taught primary grades in Spring Green, Necedah, and Milwaukee, Wis., before specializing in reading.

'Special Child and Law,' Theme of Annual Institute

The Eighth Annual Mid-Summer Institute on Children with Learning Problems will be held on Thurs., July 8, at the St. Francis Children's Activity and Achievement Center on campus.

Mr. Reed Martin, attorney and director of the Project on Law and Behavior, based in Washington, D.C., will lecture on the theme — "The Special Child and The Law."

The institute is co-sponsored by Stritch and the Wisconsin Society for Brain Injured Children (ACLID).

BLOODMOBILE — Richard Limbach (I.), Executive Director, Milwaukee Blood Center, and Sister Camille observe processing of student and staff donors at Stritch.

From the President . . .

In perusing this issue of your quarterly newsletter, I trust you will agree that much is happening on the Stritch campus. We are equally excited about (a) acquiring the nearby Green Tree School building to expand facilities, and (b) introducing a new Master of Education degree in the Graduate Division and a Business minor in the Undergraduate Division.

The College is especially proud to announce the appointments of six new members of the Board of Directors, who have outstanding credentials. Likewise, we are gratified to know that Mr. Oliver Heine will serve as Board Chairman. He is the latest of three distinguished leaders elected to serve in this capacity since 1970.

Also, as you read about faculty and staff appointments and promotions, I am sure you will share our appreciation for the qualifications and achievements of Stritch's present personnel.

By the same token, all of us are pleased to call public attention to the 20th Anniversary of the Graduate Division and its many contributions to the professional fields of Reading and Special Education. As hundreds of alumni and former students know, the past two decades represent a long period of considerable success in the teaching of teachers.

At this time, therefore, I wish to salute our College's former faculty and staff members . . . and to thank them again for their dedicated services and loyal allegiance to Stritch.

Indeed, if "what's past is prologue, what to come, is yours and my discharge" . . . we have every right to hold high hopes and great expectations for the years ahead.

Sister Camille

STRITCH ADDS NEW PERSONNEL

Three newcomers have been appointed to Stritch's faculty and staff, according to Sr. M. Camille Kliebhan, president. They are: Dr. William Stier — administrative assistant to the vice president; Dr. Marilyn Schmit — head of the Sociology Department; and Mrs. Elizabeth Eggebrecht, R.N. — College nurse. In addition, Dr. Linda Plagman and Mrs. Mildred Tryba have been changed from part-time to full-time status in the English and Art Departments, respectively.

Dr. Stier, of Largo, Florida, will work with Dr. Robert F. Flahive on over-all development and student recruitment, and he will serve as an assistant professor in the Education Department.

Varied Duties Assigned

In addition, Dr. Stier has been named athletic director for men's and women's sports and coach of the men's basketball team.

A graduate of St. Ambrose College (B.A.), Temple University (Ed.M.), and the University of South Dakota (Ed.D.), Dr. Stier has coached basketball and other sports at Saint Mary's, Winona; Briar Cliff, Sioux City; and Shephard College, West Virginia.

School Calendar Lists Dates for Fall Term

Important dates for the fall semester of the 1976-77 academic year are: Aug. 29 — residence hall opens; Aug. 30-31 — registration; Sept. 1 — classes begin; Oct. 16 — mid-term; Dec. 10 — last day of classes; Dec. 13-17 — exams.

Sociology Head Named

Dr. Marilyn Schmit will succeed Sr. M. Jeanine Gruesser as chairperson of the Sociology Department — effective Sept. 1, 1976.

Dr. Schmit was formerly an assistant professor in Marquette University's Sociology Department (1970-74) and also taught at Ohio State U. (1967-70). More recently, she has been community relations director for the St. Francis Children's Activity and Achievement Center.

An Alverno alumna, Dr. Schmit received her M.A. and Ph.D. degrees from Ohio State University.

Other Faculty Appointed

Dr. Linda Plagman, who earned her doctorate at Marquette last year, has been made a full-time instructor of English — after two years' service at Stritch on a part-time basis.

Mrs. Mildred Tryba, who has taught part-time in the Art Department since 1968, now joins her husband, John, on the College's full-time faculty. Mrs. Tryba is also continuing her studies toward the Master's degree.

Other faculty changes will be announced in the next issue of **Stritch '76**. According to Sister Camille, at least two more appointments are planned — one each in the Departments of Mathematics and Special Education.

College Nurse Selected

Mrs. Elizabeth Eggebrecht, R.N., has been chosen to head the College's health program. She will replace Mrs. Gwynne Moore, who has moved out of state with her family.

Knights of Columbus Fund Two Projects

Through the leadership of Mr. Del Peterson, immediate past State Deputy of the Knights of Columbus, Cardinal Stritch College has received funds for student scholarships and regional workshops to prepare teachers of Special Religious Education for the Handicapped.

Two support programs are being subsidized by Wisconsin's K.C. organization. The first provides a total tuition-room-and-board summer scholarship at Stritch for a religion teacher working with the mentally retarded in the state's five Catholic dioceses.

Inter-Faith Workshops Planned

The Knights of Columbus' second project will underwrite a series of "Inter-Faith Workshops" in each of Wisconsin's five dioceses to be conducted next fall by Sr. Coletta Dunn, head of Stritch's Religious Studies Dept. About 100 men and women are expected to attend each workshop.

Funds for these educational efforts on behalf of the mentally retarded have been raised through the K.C.'s "Tootsie Roll Sales," according to Mr. Peterson.

Rockefeller Foundation

Gives Record Collection

The College's Music Dept. has been designated as a recipient of the Rockefeller Foundation's 100-record Collection of American Music, presently being produced by the Recorded Anthology of American Music.

The nation's music in all idioms and from all periods will be represented — folk and jazz, symphonic and chamber, religious music from Gospel to liturgical, country and western, avant-garde and traditional, musical theater in all its variety.

Local School Holds Reunion on Campus

Messmer High School, Milwaukee, held its Golden Anniversary Celebration on the College's campus, Fri. eve., June 4. A fish-fry dinner and "dancing under the stars" were highlights of the reunion program.

Because more than 500 guests were expected, Messmer was not able to accommodate the crowd and requested use of Stritch's facilities.

Staff Members Help

Dr. Robert F. Flahive, CSC vice president and Messmer alumnus ('43), coordinated arrangements. Mr. John Stewart, food service manager, assisted with meal provisions.

HONORARY DEGREE — Sr. Thomasita Fessler, Art Dept. head, received an honorary Doctor of Fine Arts degree from Very Rev. John P. Raynor, S.J., President, during Marquette University's 1976 commencement exercises on Sun., May 16, at the Milwaukee Arena.

Honors Day '76

Honors Day '76 began on Tues., May 4, with a Mass at 11:30 A.M. and ended with a banquet for graduating seniors in the evening. Other events included a tree-planting ceremony in observance of America's Bicentennial and an Honors Assembly in the Cardinal Lounge.

Originally, a "field Mass" and outdoor picnic lunch were planned, but windy weather would not allow.

The tree planted on the west campus is a "gingko" tree — believed to be one of the oldest species to be found in the U.S.

Delta Epsilon Sigma

New officers of the Beta Nu chapter of Delta Epsilon Sigma, national scholastic honor society, were elected at the Spring meeting — according to Sr. Mary Aquin, faculty moderator.
